

## WOG - Wall Outlet Generic Flat outlet

**Product number Macab:**  
3311110

**Product number Multilet:**  
REV 501 111/1

### Description:

Lead through outlet intended for cascade network. In addition to IEC connectors for TV and radio, there are two F connectors for data. The antenna outlet is compatible with a WAC adapter (product ref. REV 501 112/1) which provides access to Ethernet 10BASE-T and also to TV and radio. This outlet can also be used without an adapter, but only for TV and radio.
